

Index

Volume 14, 1992

A

- Adams, Barry W., 63
 Adams, Rich, 5
 Africa, 201, 276
 Allen, Larry S., 233
 Alt, Kurt L., 12
 Anderson, Aaron, 326
 Anderson, E. William, 274
 Anderson, V.J., 334
 ARS range research, 17
 Aspen regeneration and soils, 223
 Award-winning range management in Montana, 247

B

- Bakken, Teri, 236
 Banner, Roger E., 105, 109
 Bennett, J.A., 296
 Berlinger, Ben, 73
 Beutler, Martin K., 44
 Blair, Keith, 286
 Box, Thadis W., 329
 Brackley, Gary, 75
 Brooks, Sandy, 247
 Brunson, Mark, 292
 Brush utilization on the Rio Grande plains, 169
 Buckhouse, John C., 35
 Building consensus for rangeland uses, 38
 Burkhardt, J. Wayne, 66, 150
 Burns, James R., 286
 Butler, Larry D., 251, 256

C

- Calf path, The 144
 Canada, 63
 Capurro, John, 75
 Chamrad, A. Dean, 227
 Chang, Hwaisik, 286
 Child, R. Dennis, 17
 Conservation perspective, The, 53
 Converting the ranch to "All Inside", 333
 Cool, K.L., 90
 Coordinated management of elk and cattle, a perspective—Wall Creek wildlife management area, 12
 Coordinated resource management planning in New Mexico, 272
 Cox, Jerry R., 276
 Crane, Rene, 302
 Cryer, Douglas H., 223

Cumming, Kendall J., 337

D

- Desert tortoise, 33, 239
 Desert tortoise, The, 33

- Desert tortoise population densities and distribution, Piute Valley, Nevada, 239
 Dobrowolski, James P., 133
 Dodd, J.L., 332
 Drought and recovery in the Upper Sonoran desert, 219

E

- Eaheart, David, 103
 Early allotments in South Dakota revisited, 236
 Eastern gamagrass, 103
 Economic multipliers, 44
 Elk habitat use within a rest-rotation grazing system, 93
 Elson, Jerry W., 261
 Emmerich, Fay L., 66
 Engle, David M., 41
 Exotics-at home on the range in Texas, 77
 Expert system for prescribed burning of rangelands, An, 286

F

- Fescue, 63
 Financial aspects of cattle production in the Chihuahuan desert, 145
 Financial benefits of range management practices in the Chihuahuan desert, 279
 Fire and the changing land, 325
 Flanagan, Mitch, 217
 Foss, Sam Welter, 144
 Francis, Mark G., 322
 Frasier, Gary W., 17
 Frisina, Michael R., 12, 93, 206
 Future of range education, The, 133

G

- Gardner, Dale R., 284
 Gerrans, Joe, 84
 GIS/remote sensing workshop scheduled at Albuquerque, 344
 Glimpse of rangeland values, A., 256
 Gordon, Bruce R., 308
 Goven, Gene, 214
 Grazing allotment administration along streams supporting cutthroat trout in Montana, 243
 Greer, Arthur J., 333
 Grizzle, Garth, 272

H

- Habitat partnership program in Colorado, The, 84
 Hanselka, C. Wayne, 169
 Hardin, P.J., 334
 Heitschmidt, Rod, 304
 High technology on the range, 75
 Historical livestock grazing perspective, 88

- History of Park City, Utah 60
 Hoff, Chris, 247
 Holechek, Jerry L., 145, 279
 Homestead dream, The, 251
 Horse removal at the sleeping giant, 5
 Housley, Ray, 302
 Hughes, Lee E., 199
 Hutchinson, David E., 174
 Huxtable, Nichia, 33

I

- Identifying shinola, 81
 Improving fescue native range, 63
 Infrared photo interpretation on non-riparian wetlands, 334
 Intercropping fodder trees: a case study from Somalia, 206

J

- James, Lynn, 284

- Jensen, Holger P., 328

K

- King, Frederick J., 12
 Kourlis, Rebecca Love, 197
 Kramer, Jim, 214
 Krueger, William C., 38, 304

L

- Lachowski, Julie B., 322
 Land management planning: an assessment, 150
 Lebanon, 115
 Lehmann lovegrass, 100
 Lehmann lovegrass and drought in southern Arizona, 100
 Little, James A., 88
 Livestock and big game forage relationships, 57
 Livestock production in southern Lebanon, 115
 Lutz, Kenneth, 73

M

- Machinery maintenance, 172
 Madany, Michael H., 208
 Managing grass, small grains, and cattle, 214
 Maria Wilman—an outstanding contributor to rangeland improvement, 276
 McClure, Norman R., 249
 McCoy, Scott D., 41
 Miner, J. Ronald, 35
 Mongolia, 206
 Moore, James A., 35
 Moseley, Mark, 231
 Mosley, Jeffery C., 41
 Multiple use land management in the 90's, or why do we have to deal with the courts?, 197

Murray, John E., 223
Mystery grass turns into business, 102

N

National rangeland hydrology study
Near East, 201
Nelle, Steve, 77
Nevada ranch family: their success through
four generations, A, 66

O

Old world bluestems, 41
Old world bluestem seedlings in western
Oklahoma, 41
Olson, N. Crystine, 150

P

Pacheco, Chris, 75
Panter, Kip E., 284
Parrott, Gary P., 308
Paschal, Joe C., 169
Pendery, Bruce M., 172
Peterson, Mary, 73
Physiographic factors in range manage-
ment planning on an Arizona ranch, 337
Physiographic provinces and surface geo-
logy of Utah, 105
Poem, 105, 144, 251
Powell, James C., 265
Printz, Jeff, 214
Professional bias, public perspectives, and
communication pitfalls for natural re-
source managers, 292

R

Ranch economics, 251
Rancher short course in the Osage, 231
Ranchers and resources reaping benefits
of CRM, 249
Rangeland management benefits livestock
and wildlife, 73
Rangeland tug-of-war, 105
Rangeland user committee, The, 233
Rangelands, desertification and Clement's
ghost—a viewpoint paper, 329
Rangelands of southwest New Mexico—an
upside view, 265
Range management and image, 199
Rayless goldenrod toxicity in livestock,
284
Read this before you vote, 304

Reindeer herding in the northeastern
USSR, 97
Restoration of the tall grass prairie at
Homestead National Monument, Bea-
trice, Nebraska, 174
Richardson, Jim, 214
Right to know, A, 321
Rimbey, Neil, 153
Roberts, Tom, 60
Robinett, Dan, 100, 219
Rouda, Robert R., 115
Rumbaugh, Melvin D., 172

S

Sagebrush/grasslands of the upper Rio
Puerco Area, New Mexico, The, 268
Sanders, Ken, 135
Seeking common ground on western range-
lands, 90
Sharp, Lee A., 153
Sharpe, Maitland, 53
Sidahmed, Ahmed E., 201
Smith, Jack B., 308
Smith, Mindy, 321
Solving environmentalist/range user con-
flicts, 70
Somalia, 208
Speelman, Amy, 325
SRM Awards, 119,
Certification, 189
Code of ethics, 192
Journal of Range Management, 304
Minutes, 180, 181, 183, 347
Winners, 185, 252
SRM—who we are: a first look at the demo-
graphic data, 302
Stager, Robert D., 239
State of range management on public
lands: A response, 328
Sustainable rangelands in the Near East
and North Africa
Swanson, David K., 97
Swanson, J. David, 97

T

Taylor, Vern, 247
Thomas, Heather Smith, 70
Thorn Creek—the fire, its effects, and the
rehab plan, 326
Thoughts of one SRM president 30 years
ago, 274

Tixier, Stan, 105
Tober, Dwight A., 227
Toly, Allen, 63
Tri cultures of New Mexico, 261

U

USSR, 97

V

Variability of crested wheatgrass produc-
tion over 35 years, 153
Vavra, Martin, 57
Vegetation changes in northern Arizona:
the Alexander Gardner photos, 308
Vegetation types of Utah, 109
Viewpoint: an appeal for riparian zone
standards to be based on real world
models, 332
Vincent, Dwain W, 268
Visual body condition score as a measure
of range animal response, 296
Volmer, Nancy, 60

W

Wall Creek Management Area, 8, 12
Wall Creek game range—a dissenting view,
8
Warm-season grasses in the Northern Great
Plains, 227
Warner, Liz, 75
Water, 35, 256
Wester, Dave, 236
Western and Inner Mongolian grasslands:
feeling at home on the range, 206
Wiedmeier, R.D., 295
Wild horses, 5
Williamson, Lonnie L., 81
Will a water trough reduce the amount of
time hay-fed livestock spend in the stream
(and therefore improve water quality)?,
35
Wilson, Randal W., 239
Wheatgrass, crested, 153
Wright, Henry A., 286
Wroe, Bob, 63
Wuerthner, George, 8

Y

Young, James A., 66
